of Osteopathy

We are glad to announce a new **Advance Seminar** with **Robert Johntson, D.O.** and **Chris Batten, D.O.** The course will address the treatment during the stages of pregnancy, preparation and assistance to childbirth and the treatment of babies from a Classical Osteopathy perspective.

With a training program of 4 years, they put special emphasis in the theory and application of the Classical Osteopathy Manual Treatment.

:: Robert Johntson

Principal of the Canadian Academy of Osteopathy.

This school has got a strong link to the Institute of Classical Osteopathy.

:: Chris Batten

Secretary of the Institute of Classical Osteopathy.

The following aspects will be covered:

Body Adjustment

| Treatment procedures during pregnancy, making the **Body Adjustment** from a side lying position, plus other techniques that might be useful during this stage.

| The **assistance to child birth** with a few tips, maneuvers and advice for an active birth.

| Treatment of the infant with some case-history examples and running through the **John Wernham** lap technique for the treatment of babies.

If possible, there will be a few demos on patients to put the theory into practice.

Practice

There will be practical sessions for the students to practice.

This course will take place in Sant Joan Despi in Barcelona (Spain), at the **Hotel Hesperia de NH** en C/ Josep Trueta, 2 08970 Sant Joan Despi. This is 15 minutes from Barcelona's International Airport and 15 minutes from the town center of Barcelona.

- | The hotel will have available rooms with special rates for the students.
- | The course is open to all International members of the Institute of Classical Osteopathy.
- | Lectures will be in English translated into Spanish, and we can provide equipment for simultaneous translation, if you have a translator.
- | There will be light refreshments during the break times.
